This supplement applies to assigned, attached, associate, and satellite units.

**SUMMARY OF REVISIONS**

This supplement rennumbers and updates all paragraphs to correspond to AFMAN 23-110, Volume 2, Part 2, Chapter 19, *Stock Control*. A bar (|) indicates revision from the previous edition.

**AFMAN 23-110, Volume 2, Part 2, Chapter 19, is supplemented as follows:**

| 19.8.4.3. The 374th Logistics Readiness Squadron Vehicle Maintenance Section Materiel Control Element (374 LRS/LGRVMP) will be responsible for turn-in and issue of locally purchased tires. The processing point for turn-ins will be the 374 LRS Cargo Movement Inbound Element (374 LRS/LGRDCI).

19.19.2.1. Use redistribution materiel (excess) category review code A during excess review.

| 19.21.2.2. Exception control code (ECC) records will be maintained on an automated program file within 374 LRS Customer Support Section Stock Control Element (374 LRS/LGRSC).

19.62.2.2. A Daily Document Register (D04) will be filed in the mission change document file.

| 19.76.5.4. 374 LRS Customer Support Section (374 LRS/LGRSC) is responsible for running the Blue Light Special Program. Use the query language processor (QLP) program to screen the standard base supply system (SBSS) for all XB3 and XF3 local purchase excess items and offer them for sale as part of the Blue Light Special Program. A listing of such items in federal stock class sequence will be produced monthly for distribution. The discount percentage will be determined on a case-by-case basis by 374 LRS/LGRSC in coordination with 374 LRS Resource Management Element (374 LRS/LGRSR). Factors such as date of last demand and adjusted levels will be taken into consideration.

19A10.4. NOTE 17: Starting with position 49, identify the section making the input. The reason for code begins with position 57.

**19F3.1.** Send requests to load, change, or delete a code to 374 LRS Procedures and Accountability Section (374 LRS/LGRSP) for approval. The request for addition must show the excess exception (EEX) code, exception notice code (ENC), exception phrase to be loaded, and the monitor's signature. Procedures to load, change, delete, and control codes are in AFMAN 23-110, Volume 2, Part 2, Chapter 19, Attachments 19A-10 and 19A-11. Exception phrase record procedures are in AFMAN 23-110, Volume 2, Part 2, Chapter 27, *Research and Records Maintenance*, Section 27R. Locally assigned EEX codes are as follows:

<b>CODE</b>	<b>ENC</b>	<b>Exception Phrase</b>	<b>Monitor</b>	<b>ECC Card Image Required</b>
D	R	Radioactive Items - Contact Inspection Section	374 LRS/LGRSC	YES (NOTE 3)
G	P	Unique Processing Required/See ECC	374 LRS/LGRSC	YES (NOTE 3)

Table 19F3.1. NOTE 3. Maintain one card image only for all item records assigned an EEX code D. The image will contain the EEX, ENC, exception phrase, and monitor. Maintain one card image for each item record assigned an EEX code G.

MARK O. SCHISLER, Colonel, USAF  
Commander
