24.12.2. Output DD Forms 1348-1/1A, *DoD Single Line Item Release/Receipt Document*, are not produced automatically when supply asset tracking system (SATS) is in-line. The Flight Service Center (FSC) personnel will use the SATS print screen to print out DD Forms 1348-1/1A when required.

24.13. Chief of Supply option: The Flight Service Center (FSC) is designated as the due-in from maintenance (DIFM) turn-in location.

24.20. Combat Oriented Supply Organization (COSO) activities will process DIFM status updates in accordance with PACAFI 23-203, *COSO Procedures*, Section 4.6, *DIFM Updates/ Control*.

24.23.3.3. (Added) (3WG). Repair cycle assets in the supply point will be segregated and maintained separately from other items in stock. When practical, supply point assets will be binned in item number sequence to facilitate inventory.

24.25.1. (Added) (3WG). Additions/Changes to Supply Point Records will be accomplished in accordance with PACAFI 23-206, *Regional Supply Procedures*, Section 5.5.4.2.1, *Adjusted Stock Level*.

24.29.2. Chief of Supply option: The FSC will act as the central turn-in point, for all supply point turn-ins.

24.31.1.1. (Added) (3WG). Remote Station Supply Points. Perform a complete reconciliation upon receipt of a new supply point listing. Physically screen each item listed against assets in the bin to determine overages and shortages and to verify the stock number and item number relationship. Correct all discrepancies on the spot or, when necessary, submit a written request for correction to the FSC. The supply point supervisor will provide all known facts and circumstances relative to the discrepancy.
