This instruction establishes a defined parking plan to provide an orderly and efficient means of maintaining aircraft locations. The prescribing directives for this publication are outlined in AFD 21-1, *Managing Aerospace Equipment Maintenance*.

- 1. Responsibility.** It is the responsibility of the Sortie Generation Flight (SGF) and aircrews to comply with the attached plan.
- 2. Procedures.** Aircraft movement into parking spots will be from the east and will follow established taxi lines. Aircraft movement out of parking spots will be to the west, again following established taxi lines.
- 3. Parking.** Spot number one will be used only when parking spots number two through twelve are filled.
