SUMMARY OF REVISIONS

Deletes all references to AFROTC responsibilities for Airman Education Commissioning Program students. Establishes concurrent Article 15, UCMJ authority and AFROTC accountability over all AU-assigned personnel at AFROTC detachment host institutions and those individuals located within the proximity of support and oversight to the AFROTC host institution.

1. Policy. AU/CC desires to maximize local support and oversight of all AU education program personnel without causing undue individual hardship. AFROTC, through the Commandant, AFROTC, has concurrent Article 15, UCMJ authority and provides administrative support and oversight to designated AU-assigned personnel according to this instruction. The effectiveness of AFROTC detachment support will be monitored during staff visits and Quality Air Force Assessments. AETC/EDX and AFIT/Civilian Institutions (CI) will identify AU education program personnel as defined in this instruction. The AFROTC detachment commander (AFROTC Det/CC) will determine which AU education program personnel may feasibly be supported by his or her unit based on reasonable distance and travel time from the AFROTC detachment. Type and frequency of oversight will vary between individuals and will be based on a variety of factors.

2. Definitions and Terms:

2.1. Air Force Fellow. Any United States Air Force (USAF) officer participating in an Air Force Fellowship program for which professional military education credit is awarded. AETC/EDX manages the Air Force Fellowship program.

2.2. AFIT Civilian Institutions (CI) Student. Any active-duty USAF officer participating in an AFIT-sponsored program at a university, college, school, industrial organization, or hospital. This category includes any military organization.

2.3. AFIT Liaison Officer (LO). A senior-ranking AFIT CI student at a university, college, school, industrial organization, or hospital designated by AFIT/CI to perform the liaison officer function.

2.4. AU-Assigned Personnel. All active-duty personnel involved in an AU-sponsored education or training program and assigned to AU for the duration of that program. Personnel in this category include individuals involved in Air Force Fellowship programs, AFIT/CI students, and others as directed by AU/CC.

2.5. AU Education Program Personnel. All active-duty AU-assigned personnel and inactive (obligated) reserve personnel involved in an AU-sponsored education or training program.

2.6. Concurrent Article 15, UCMJ Authority. AFI 51-202, *Nonjudicial Punishment*, allows concurrent exercise of Article 15 authority by any commander appointed under special orders over any AF member attached to his or her element or organization along with the commander of an AF member's element or organization of permanent assignment.

2.7. Designated AU Education Program Personnel. All AU education program personnel appearing on an AFROTC detachment's AU personnel support roster based upon the AFROTC Det/CC determination. Designated AU education program personnel will *not* include those AU-assigned personnel or AFHPS, financial assistance program, or Education Delay personnel completing their education, fellowship program, or medical internship or residency at military organizations with which AETC/EDX or AFIT/CI have memorandums of understanding.

2.8. Inactive (Obligated) Reserve Personnel. Any inactive (obligated) reserve USAF officer participating in an AFIT-managed AFHPS or financial assistance program at a medical university or hospital or an Education Delay student completing a graduate degree program at a college or university.
