Flying Operations

LOADMASTER PROCEDURES

Loadmaster Briefings

This checklist establishes procedures for the operation of C-5 aircraft employed by Mobility Air Forces (MAF) to accomplish their worldwide missions.

This checklist complements AFI 11-2C-5V3, *C-5 Operations Procedures*, and is printed on standard 8 ½” x 11” bond paper then trimmed to a unique size 4 ½ “ x 6 ½” that will fit the standard plastic C-5 aircrew checklist binders. Units may request copies of this checklist printed on a water proof-based media (in the size outlined) from the OPR. This product reduces weight and eliminates the need for plastic inserts. Limit water proof copies to aircrew only for use in-flight and training purposes.

Distinguished Visitor (DV) Briefing.....2

Supersedes MCI 11-205V6, Attachment 1, 1 Oct 96
OPR: HQ AMC/DOV (CMSgt Harris)

DV BRIEFING

Welcome aboard. We will cruise at 440 knots (500 MPH) at _____ feet. Our anticipated time en route is _____ hours and _____ minutes. We plan to land at _____ at _____ local time.

The AC is _____, and my name is _____. If we can be of any assistance, please ask.

In the unlikely event of an in-flight emergency, you will be kept advised. We would like to review the following equipment and procedures:

A. If loss of cabin pressurization occurs, a warning horn will sound, lights brighten, and the oxygen masks will drop from the overhead panel. At this time, pull down firmly on the nearest mask, place the mask over your nose and mouth, and adjust the head straps (demonstrate).

B. All emergency exits are clearly marked. Inflatable exit slides are near each exit. Your primary emergency exit is through the door on the left side of the aircraft forward of the galley. Each seat has a life vest. This is how you wear it (demonstrate). There is complete information on exits, equipment, and procedures on the information card in your seat pocket.

C. Meals will be served at your convenience. However, please allow us 15-minutes to heat frozen meals. If there is anything we can do to make your trip more comfortable, please do not hesitate to ask.

MARVIN R. ESMOND, Lt General, USAF
DCS, Air and Space Operations
