This instruction further implements policies contained in AFD 31-2, *Law Enforcement*. This instruction provides guidance for using the Minor Accident Worksheet. This instruction applies to all AFMC installations. This instruction does not apply to the Air National Guard or US Air Force Reserve units and members.

1. General: Security Forces are often called to respond to minor accidents and facilitate the exchange of information between the parties involved. The purpose of this form is to help document and provide a summary of accident information for parties involved.

2. Responsibilities: The Security Force Operations Flight (SFO) is responsible for responding to minor accidents, when dispatched, and accurately completing the AFMC Form 625, **Minor Accident Worksheet**. The Security Force Administration Flight (SFA) can use the form to track information to be used in identifying potential "high accident areas". SFA will discard the worksheet after the review.

3. Procedures:

3.1. Once on-scene, the patrolman will determine if the AFMC Form 625 or the AF Form 1315, **Accident Report** should be used.

3.2. If the accident form is determined to be minor, complete the AFMC Form 625 by filling in every block except "accident #:"

3.2.1. Complete the road condition, cause, and weather conditions block by entering one of the codes in **Attachment 1** of this instruction.

3.2.2. Complete the cause block based on visual assessment of the scene. This information is for statistical purposes only and is not to be released to the parties involved.

3.3. In the "Accident Damage" section, complete an impartial narrative based on the information provided by both drivers. Include both views in the narrative. Ask drivers to sign under their statement.

3.4. Provide each driver with a copy of the accident sheet. The bottom right hand corner of each copy will identify the recipient.

3.5. If more space is needed to document the accident, use a plain piece of bond paper. Ensure each party involved receives a copy.

4. Prescribe Form. AFMC Form 625, Minor Accident Worksheet.

COURTNEY H. MANK, Colonel, USAF
Director, Security Forces
