This Mission Performance Checklist implements AFD 90-2, *Inspector General - The Inspection System*. It applies to wing level and below intelligence organizations. This Mission Performance Checklist supports guidance in the following: Theater SOP/TTP, DOD Directive 1300.7, DOD 5240.1-R, AFDD 34; AFIs 14-103, 14-104, 14-105, 14-205, 36-2201, and 36-2209; PACAF Supplement 1 to AFI 14-105, PACAF Supplement 1 to AFI 14-205, and PACAFI 10-405. This directory does not apply to AFRC intelligence units or personnel but does apply to the Air National Guard (ANG) units when published in ANGIND2.

**SUMMARY OF REVISIONS**

**This document is substantially revised and must be completely reviewed.**

**1. General.** The items listed do not constitute the order or limit the scope of inspections or assessments. As a minimum, unit Senior Intelligence Officers should use this directory in conjunction with annual unit self-assessments to identify deficiencies that could degrade mission effectiveness. Units may supplement this publication to add internal compliance items. This directive may be used in whole or in part by HHQ during visits or exercises. Users may add any items that, in the exercise of good judgment, require examination. The SIO may designate responsibility of tasks.

**1.1. Critical Compliance Objectives (CCO).** Items defined by the PACAF staff as key result areas for successful mission accomplishment including, but not limited to, items where non-compliance would result in serious injury, loss of life, excessive cost, or litigation. **CCOs ARE BOLD, ALL CAPS AND MARKED WITH (CCO).**

**1.2. Core Compliance Items (CCI).** Areas that require special vigilance and are important to the overall performance of the unit, but are not deemed "critical." Non-compliance would result in some negative impact on mission performance or could result in injury, unnecessary cost, or possible litigation. **CCIs are bold, and marked with (CCI).**

1.3. **General Compliance Items (GCI).** Areas deemed fundamental to the successful overall performance of the unit, but non-compliance would result in minimal impact on mission accomplishment or would unlikely result in injury, increased cost, or possible litigation. GCIs are shown in normal font.
